PROJECTS

TITLE: EFFORTLESS FACULTY LEAVE MANAGEMENT SYSTEM

Description:

The project titled "Effortless Faculty Leave Management using Web Application" aims to address the challenges associated with traditional leave management systems in educational institutions. The proposed web application provides a user-friendly platform for faculty members to submit leave requests seamlessly.

The system streamlines the entire leave management process, automating tasks for administrators and enhancing the overall efficiency of the system.

Technologied used:

Python,HTML,Java script,Django framework
